CRAPSHOOTERS ARRESTED

Six Negroes and One White Man Charged With Gambling.

Tuesday Constable McNamara arrested Thomas Whaley, Wesley Lane, Jesse Burden, Frank Pumphrey, Will Jackson, alias Will Goods, all colored, and Frank Claypoole, white, on the charge of gambling.

It is alleged these men were engaged in a crap game Sunday in L. & N. cuts.

The county officials have been watching for this gang for some time, and when the chance came, placed them in jail. It was at this time that the gun Lee Price threatened to shoot the Johnson woman with Sunday, was obtained. From this clue the officers worked, and the wholesale capture Tuesday was the result of their labor.

Further developments of a sensational kind it is claimed will be made at the trial this morning, involving some of the prominent young men of this city. The accused men will be given a trial this morning at 10 o'clock before Squire Bauer.

EXCITING CHASE.

Tuesday morning about 11:30 o'clock Constable James McNamara was on the hunt of Wesley Lane, colored, charged with gambling. He was about ready to grab Wes when some of his "lady friends" gave the alarm and the negro seeing the constable, ran. Eye witnesses say that he made the first mile in nothing, with the officer in hot pursuit. After a long chase the officer caught the negro and placed him under arrest. He will probably be given a trial this afternoon on the charge of resisting arrest.

EUCRE BIG SUCCESS.

The eucree given by the Ladies Eucree Club Tuesday evening at the Eagles Hall, was one of the most successful ever given by this club, and a large crowd attended, in spite of the inclement weather. Mrs. Kelly Luman won the first prize for the ladies, Mrs. Charles Mullikin the second and Mrs. James Clifford the third. Mr. Charles Mullikin won the first prize for the gentlemen, and Mr. John Vogelpoole the second. The prizes were useful and beautiful.

C. & O. OFFICIALS HERE.

General Superintendent J. A. Fox, of the C. & O., was in this city Tuesday to see Mayor Lee about the speed ordinance that is in force at the present time, and under which several engineers of that road have been fined for speeding.

Mayor Lee informed him that he would try to remedy matters and have a law passed that would suit both city and railroad.

Bartlett, of the Central Garage Company, was in Cincinnati Monday and while there he signed a contract with the Overland Company for the year 1916, under which he guarantees to sell thirty Overlands during that year. RAIN AND WINDSTORM

Sweeps City of Maysville and Vicinity During Early Hours of Wednesday Morning.

On Tuesday evening at about 6 o'clock it began to rain and continued in intermittent spells during the early hours of the night until shortly after midnight, when a veritable cloudburst broke over Maysville and the surrounding country. The storm, which was the worst that has visited this community in years, was accompanied by peals of thunder resembling the booming of cannon at close range, and by blinding flashes of lightning illuminating the heavens and casting weird streaks of light through the darkness.

The rain fell in sheets, flooding the streets of the city and playing havoc on the adjoining hillsides. Plum street from Fourth to Third streets was a millrace, as were the other streets leading to the river, and Third street from Limestone to the L. & N. railroad, was a river, flooded from curb to curb, and in many places the water covered the sidewalks to the fence lines.

The C. & O. culvert opposite the Infirmary became blocked and several inches of water covered the tracks at that point, but a force of men was dispatched to the scene, who soon opened the drain and No. 5 passed safely over on time. The tracks were also covered at Stony Point, but the water subsided rapidly and no delay will result to traffic.

A very high wind accompanied the storm, doing considerable damage to trees. A large limb was torn from a tree in front of Dr. Taylor's residence on Third street. Trees were badly torn and damaged before the residences of George Barbour on Wall street, John Roper, opposite the Amazon warehouse; Mrs. Judith Rice, on Forest avenue, and throughout the city.

The water rose above the floor level of the residence of William Gettes, on West Second street, and rushed through the house, doing considerable damage to floor coverings, furniture, etc., estimated at \$200 or more.

The residence of Squire Bullock, on Third street, known as the Brooks property, suffered little or no damage, as the flood wall recently constructed above the property afforded ample protection.

Considerable damage was done in the county, although reports are meager as yet. A valuable mare was killed by lightning on the farm of Mr. Ferd Heehinger, near Taylor's Mill. The damage to property was extensive on the farms of Mr. Allen and Judge Newell, on the Fleming pike, considerable washing took place and fences and stone walls were destroyed. A negro named Lane, living on Hord's Hill, lost seven hogs.

Probably the greatest sufferer, so far known, from the effects of the storm, is the L. & N. railroad, which has quite a stretch of roadbed washed out between Summit and Dimmitt Stations and a landslide in one of the deep cuts about a mile and a half out of Maysville prevented the early train from leaving on time. There is a large force of men at work repairing the damage and it is expected that trains will resume operation during the day.

While the property damage is heavy and will amount to \$50,000 or more through the county, no loss of life has yet been reported. The rainfall during the few hours that the storm lasted exceeded four inches, which is the heaviest fall of rain in so short a period of time for several years.
